

What if our group wants to meet at the church or use church facilities?

Ans: Official connect groups can use the church facilities with prior approval. Contact [Lois Venanzi](#), or 949-857-5007, x9412. Please label your email as "Connect Group Meeting Space Request". Let Lois know the space and date you would like to reserve. She will respond back to you with availability and alternate options if necessary.

Is a Connect Group a replacement for Home Groups or Accountability Friendships?

Ans: No. Our goal is to see most of our church family regularly meeting with one another in home fellowship groups. All of us love activities. Connect groups are a way for us to love life and love Jesus together in activities we already do.

How long will Connect Groups last?

Ans: Groups will continue as long as there are at least three people participating on a consistent basis.
