

# HERE TO HELP.

## COVID-19 RELIEF

In such difficult times, it's important we support one another even now more than ever. We know that times are tough, supplies are few, but I have hope and I am here for you. I would like to create a neighborhood database of email addresses for us to communicate our needs and resources to each other. If you would like to be added to a group email that provides a platform for us to offer assistance or communicate our needs please email me at the below address.
